

BEADOS

Magically join with water!

New 3D Beados Super Station

For immediate release

Make amazing 3D Designs with the new Beados 3D Super Station!

It's the easiest way to bring your 3D Beados designs to life!

The NEW Press-N-Place Bead dispenser lets you work with up to 6 colours at once...just press...and pop the Beados into place! Then spray them with water, and dry them under the air tube to watch them magically join together!

The Beados 3D Super Station comes with 500 Beados, a suction pen, fun templates and even moving parts to add to your 3D designs!

This exciting addition to the Beados range will be available in all good toy stores and retailers in June!

Suitable for 5 years and over, RRP \$49.99

Create amazing **3D** designs!
